Looks like May 18 & 19 is a go. Dawn, Keith and I will go out there and we can patch in everyone else to go over the MSCA sites and then grants, BF and site assessment work. We need to fit in a meeting on Roosevelt Irrigation District (RID) between Amanda, Keith, Julie, Harry, Dawn and myself sometime in the midst of these two days. Let me talk to Julie and see what she thinks, but my inclination is to do BF, grants and site assessment on Monday, some MSCA sites on Monday afternoon & Tuesday AM, RID briefing Tuesday afternoon.

Bruni & Debbie- you know better how long things will take though. I'm just trying to save Dawn and Keith from having to travel on Sunday night.

We can't do the latest proposed date for the quarterly anyway. How doing both M52 and the quarterly on May 18 and 19 in Phoenix?

No. Thanks for the offer, but you are all so busy, and it is kind of a last minute thing. I feel really bad, since everyone changed their schedules to accommodate me. Patrick just doesn't think it is a good idea for me to travel at the moment because of budget issues. Julie and Harry are still coming out. Keith, maybe if we meet the week of the 18th for the RID issue, we can also have a short meeting on other issues?

Well, there is never a dull moment around here. I'm sorry, but I now won't be able to attend the quarterly meeting due to travel restrictions. Harry and Julie will still be able to attend.
